To Whom It May Concern,

I recently worked with Bartelt Aviation, Inc., John Bartelt and staff on the purchase of my airplane. Mr. Bartelt and his staff always had my best interest in mind and kept me updated on the whole process of repairing the airplane I was purchasing. Mr. Bartelt sent emails almost daily with pictures. He or Mr. Russell, their mechanic, called if they wanted to have my opinion on something. The integrity that Mr. Bartelt and his staff has is upmost first class and I would highly recommend to anyone to do business with Bartelt Aviation, Inc.
