Subject: RE: N3094Y - FAA Release of Lien Update

John,

Feel free to use this if you wish:

Besides being the most knowledgeable guy on earth about Saratogas, John proved to be capable, resourceful and tenacious when it came time to close escrow. My bank was particularly difficult and inept, but John spent almost two weeks managing the process to closure. I would bet there is not another broker on earth that could have gotten my transaction closed.
