Dear John:

I would like to recognize you and Darwin for your outstanding performance during the brokerage of my Cherokee Six 300. I was very impressed with your ability to sell my aircraft in just 58 days. Your continued updates and attention to detail throughout the closing process also was appreciated.

Finally, I want to thank you for handling all the logistics with the aircraft. Having a team that was capable of picking up the aircraft at my location and coordinated the repositioning to the pre-buy site was very important to me. I will surely recommend your services to friends and colleagues.

Regards,

Steve Coombs
