Dear Larry,

It has been a pleasure working with you and the Bartelt team over the past few years in selling my older Saratoga and purchasing a later model. You have always acted with professionalism and with the customer as a priority. As a result I am now flying a fabulous plane, purchased at a very reasonable price and with minimal aggravations.

Thank you again for all your help. I will be very happy to refer you and Bartelt Aviation to anyone seeking assistance in selling or purchasing a plane, especially a 'toga!

All the Best,
Dan
