Dear John,

I wanted to write and thank you for all of your help with marketing and selling my airplane. After looking at your web site back in the summer, I called to get an appraisal of my airplane's value. You called me back, discussed my airplane with me and offered to market it and sell it as long as we received a price that we both thought was fair. There was never any pressure to just sell the airplane. You helped me to make decisions along the way and guided me through the process.

It has been a pleasure to work with you. You have made the process easy and from my standpoint, it couldn't have gone any better. Thanks again for all your help and assistance.

Warmest Regards,

  
George A. Hill, M.D.
