Subject: Re: Archer

Thank you very much for the fast professional service that Bartelt Aviation supplied. I worked with John Bartelt in selling my 1976 Piper Archer. His assistance was invaluable.

The process went smoothly and I was very satisfied with the outcome. I was very surprised in how fast the transaction took place. Three weeks from start to finish. Wow!

I would not hesitate to tell anyone who is trying to sell an airplane that John Bartelt is the person to contact.
