Dear Mr. Bartelt:

I want to express my sincere appreciation for your help and guidance in finding my "new" 1982 Skyhawk II. Having received my private pilot license in December 2005 (at age 62!), my husband and I had searched ineffectually for my first airplane for more than a year, when I learned of you and your company. You responded promptly to my initial email, treated me with unfailing professionalism and honesty; and in a matter of a few weeks put me in a very sound, well-kept 172 with a thoroughly documented maintenance history

As you will recall, when my husband and I first visited Sturgis in January of this year, bad weather prevented me from actually flying the airplane. However, based on our assessment of your character and honesty, plus the testimonials from your many prior customers, we went ahead with the purchase at that time. Having recently flown the

airplane from Sturgis to my home airport at Flagstaff, Arizona, I now know that N65065 is everything you said it was and that our trust in you was not misplaced.

Thank you for helping me find and purchase an outstanding Skyhawk. My husband and I would recommend you and Bartelt Aviation to any first-time buyer without reservation. If I ever decide to trade up, we will be back.

Yours sincerely,

Julia Ann Millis
