Dearest John.

Thank you again, again and again for everything you did to make our plane safe, enjoyable and so beautiful. I love it! The new windows are super, the plane handled great flying home, the engine sounded very smooth and the ride very pleasant. The interior is neat. Hopefully we can do that this summer or early fall.

Dennis was absolutely delightful. He was a joy to be with. He is very smart too. Sorry about the delay in getting him back home. He really likes working for you and he has great admiration for you and the way you run your company. He did not tell me to say that. HA!

Now to you. You are the greatest. It was so exciting for me to get to meet you in person. I thank you from the bottom of my heart for all you have done to keep my precious family safe while we are in our plane. Your attention and your staff's

attention to detail is impeccable. I appreciate that so much. I know you will always do everything right and you will do it the first time.

The paint job is just beautiful. Thank you for all you did to achieve this for us with your friend Denny. It just couldn't be more perfect. I know that it was hard to believe I just kept walking around and around looking and looking. I wasn't looking for any defects, there were none, I was just looking at the beauty of it and enjoying Denny's artistic skills. It is beautiful from every direction, and it feels good too. I know you still think "that is the most beautiful paint job you have ever seen". Humer mv. HA! Seriously, our plane now has a classic look that can be dressed up or down. I love it when a plan comes together. It only took six years to save the money to get the scheme work done and the paint job completed, but thanks to you and Denny, it is a dream come true.

John, I am so proud of the plane and I feel so blessed for all you have done to help us stay safe and comfortable. Everytime I look at it I will remember how excited I was to see it, how beautiful it was and how gracious you were and how concerned you were that everything would turn out well. Everything turned out very well.

We had a great time. Thank you for the scenic tour. You live in a very beautiful part of your state. Thank you for sharing your time with us, you made us feel very welcome. We will be back. I hope you and your family have a wonderful and blessed summer.

Sincerely,
Margaret Jordan

P.S. You should have told me your Mother was there Monday. I would only have said nice things about you.
