John, I am sorry this has taken so long.

I do want to thank you for your excellent and professional effort in selling our Seneca II this past summer. The suggestions you made to us as our roll in the process were of great value, and saved us a lot of time and money on our end. I was impressed by the scope of your contacts that could be drawn on when needed to come up with prospects and the people needed to finalize the transaction. I was especially impressed when you came up with a foreign buyer who paid our price.

Thanks again and I will be back if I ever need to sell another airplane.
