Subject: Arrow 200R Purchase

I'd like to thank you and John Bartelt for all the support, advise and help that you extended me, in the recent purchase of our Piper Arrow 200R.

Considering the plane was in Michigan and that I was in Florida, it was extremely challenging to get pertinent data and representation of the plane. I appreciate the effort you put forth to facilitate arrangements with an A&P to get the necessary information and conduct a preliminary pre-buy inspection. Your help in obtaining log information, photos and records was key to my decision to purchase this plane.

Please feel free to use me as a reference and I would be happy to do business with you and John any time!

Tailwinds,

Ray H. Liles
