Bartelt Aviation Press Release

Bartelt Aviation begins construction of a 10,000 square foot Hangar.

Sturgis, Michigan, April 1, 2002 - Bartelt Aviation announced the expansion of their facilities will include a new 10,000 square foot state of the art heated hangar facility. The hangar specifications include high intensity lighting and a 72 x 18 foot Schweiss door to accommodate aircraft as large as the Citation Jet and the King Air 200.

"This additional hangar capacity will take our company to the next level. Our ability to hangar seventeen (17) aircraft at one location will give us a significant competitive advantage over other sales organizations. Upon completion of this project, we will have a total of 15,000 square feet of heated hangar space." States John Bartelt, President of Bartelt Aviation.
