Subject: Piper Seneca II Purchase

Dear John,

Thank you very much for your help in our recent purchase of a PA_34T. You provided us with complete information, from all documents related to the aircraft, to guidance on how to go about the purchasing process. From the first contact we had you gave us absolute confidence in your knowledge and experience on piper aircraft.

Your good service was reflected on your human touch and that of your staff, concern of our needs and requirements. You always made our crew and I feel welcome and at home at your facilities.

We do hope to do business with you again in the future, and with that in mind we would recommend you to anyone who is in need of the services you offer.

Sincerely,

Christophe Laudrin
