John, just got your note - will check with the bank this morning. I wanted to thank you for all of your help and support in getting this transaction completed. If you ever need a professional reference to a prospective customer, for your services and integrity, please feel free to use my name.

In my efforts to purchase a Lance during 2017 and 2018, I spoke with Larry several times but there were few planes available during the time period that met the criteria I was using. In hindsight, working with your firm would have been a much better outcome, even at a higher price. Your attention to detail and commitment to both the buyer and seller, in terms of delivering a quality plane at a reasonable price is head and shoulders ahead of any other broker I have worked with - when it comes time to list my Cirrus, you'll be the first one I call.

Regards,

Chuck Bland
