John,

Thanks again for everything. Darwin is now on his way back to the land of the ice and snow. I hope we didn't corrupt him to bad with the exposure to our southern ways. We took him out last night for his first taste of crawfish and alligator and I think he actually enjoyed them both. We finished up the flying yesterday afternoon without any problems. Darwin is a master airman. He worked very diligently to ensure that I knew everything about the aircraft and how she flies. I am completely happy with everything about the plane and I thank you for being an honest broker. There were absolutely no surprises. I look forward to working with you in the future and will tell all I know about your services. Sincerely,
Dennis

John,

Darwin and I flew about 4.5 hrs on 8238P today and I have to say I have been thoroughly impressed. She is a great plane. Thank you for all of your help and your attention to detail. I have sent payment for the final invoice; it will be deposited into your account on Tuesday. I look forward to doing business with you in the future. Sincerely,
Dennis
