To our Friends, Pilots and Airplane Owners,

I would like to congratulate John Bartelt for the superb job he has done selling my Airplane. I was not flying much anymore. We started the selling process in March 2015 and closed in July 2015. It took a little longer than I expected with a bad spring and a soft market. I thought he would have given up but instead he hung in there and finished the job he started. By the way, I had a 1981 Piper Turbo Saratoga SP – all original with 1837 hours. I loved the airplane and owned it for 13 years. But when you don't fly much anymore there isn't any reason to hang on to an airplane. Give John a call. You won't find a better and knowledgeable person then John Bartelt. . They don't call him The King of Saratoga for nothing! That's why I called him and I'm glad I did.

Sincerely,

Armando Spano
