Just wanted to say thank you to John Bartelt and Bartelt Aviation. You guys did a great job getting my plane sold. I was surprised how fast you were able to find a buyer. I got the price I was hoping for as well.

I really appreciated how I was constantly updated throughout the process. I always knew where we were in the process. After buying a plane directly from a guy and having a very bad experience I realize how important it will be for me to use you guys in the future. I could have saved myself so much money and trouble.

I look forward to working with you again the next time we buy or sell.

Thanks,

Gary Barth
