John,

Thanks again for handling the sale of my aircraft with the utmost of professionalism, courtesy and expediency. The process of originally purchasing the aircraft could not have been made any easier and a couple years later its sale could not have been more appealing. N355SE was every bit of the workhorse plane that we intended it to be and I'm confident that the new owner will enjoy it just as I did. When it comes time to look for another plane, I will certainly give you a call first.

Thanks again for the outstanding service,
John Regan
