John,

I want to say thank you for the outstanding job you did with assisting me on selling my airplane. You made the process simple and very straight forward. I appreciate the candor, openness, and integrity that you displayed throughout the process. You and your staff were helpful and professional at all times and made the sale as easy as could be.

I will highly recommend your services to anyone I know in search of buying or selling an airplane.

Thank you,

Mike Quirk
