John

I wanted to thank you for finding me the aircraft I was looking for.

You understood my criteria and brought me a plane that was perfect for our needs and I enjoyed putting the deal together with you.

The plane has proven to be a strong performer, great looking and serves our mission perfectly.

The closing was smooth and your Professionalism in every aspect of this transaction was top notch.

We are very happy with the Saratoga and if ever we need to buy or sell an airplane again, my choice is clear.

Thanks again...
